Quick Guide to Text Banking Commands

Following, is a table of text banking codes and their uses:

Function	Command	Description
Balance	B BAL	Summary of balances for all available accounts.
	B <Text BankingAcctNumber>	Balance shortcut for a specific account.
History	H or HIST	Summary of recent transactions per account, in descending order by date (i.e., most recent transactions first).
	H <Text BankingAcctNumber>	History shortcut for a specific account.
Transfer	T TRA	Transfer money between eligible accounts.
	<FROMAccountNumber> <TOAccountNumber> <Amount>	Transfer shortcuts between specific accounts.
NOTE: Transfers will require two (2) messages. The first message must be T or TRA, and the second must be the specific From/To Accounts along with the Transfer Amount.		
Command	C CMD	List of available Text Banking commands.
Help	HE HELP	Help content for Text Banking.
Login	L Login	Receive a URL for HVFCU's mobile browser website (if enabled).
Stop	S STOP	Cancels Text Banking & alerts.
Recover	R RECOVER	If your authentication (cookie) is deleted, use this command to receive a new activation code to reactivate your phone for Text Banking.
More	M MORE	If there are additional messages available from an initial command request, this command will display the next message.
